WE'RE LUCKY !!!

Occasionally one of the millions of Canadians and Americans who cross each other's border every year runs into a bit of trouble. Undoubtedly even on this continent we could make this business easier. But note this little item from a newspaper in Istanbul:

"A Bulgarian civilian tried to escape into Turkey.

"Three Bulgarian border guards fired at him, killing him instantly.

"In attempting to recover the body, the guards entered Turkish territory, fell into a mine trap and were killed."

Few of us fully realize how fortunate we are to be living in this blessed part of the world. We aren't hungry, we aren't afraid, and we're free to go where we please.

Carstairs 4H Beef Calf Club Holds Successful Sale

Mervin Hehr of Crossfield 4H Beef Club was the winner of the grand champion award for the second year in succession at the recent achievement day and sale at Carstairs for the 4H Beef Clubs in Central Alberta. This Hereford steer weighed 800 pounds and was sold to Adams, Wood and Weiler of Calgary for 50 cents a pound. The calf was selected from the home herd and was fed boiled barley, rolled oats and chopped green feed. It was eleven months old.

Reserve champion went to Marvin Latimer of the Olds club, who showed a Shorthorn steer, which later was sold to Safeways for 27½ cents a pound. Commenting on these two outstanding animals, Mr. W. H. T. Mead, provincial livestock commissioner said they were both excellent as to type, but the Hereford carried an even finer finish of fat.

The following clubs competed, each showing their calves separately, then the two best from each club were entered in the finals, from which the grand and reserve champions were selected: Cremona, Crossfield, Carstairs, West Didsbury, Jutland, Olds and Westward Ho.

One hundred and twelve calves were sold, 12 of which were classed by the judges as 'special'. Charles Gordon and Lawrence Kallal of the department of agriculture, assisted Mr. Mead, and Frank Radau of Bowden assisted with the judging of showmanship. Mr. Hugh McPhail, supervisor of these clubs, was in charge of events. Mr. Archie Boyce, auctioneer, was assisted by Charles Rosehill.

Special awards were made by the Aberdeen Angus, Hereford and Shorthorn Associations to winners of these breeds. Robert Copley of Crossfield won the Angus award and Mervin Hehr and Larry High the Hereford awards, all these being from the Crossfield club, while Marvin Latimer had the best Shorthorn.

The Howard Hammill trophy for judging was won by Boyd Peterson of the Olds club, with his cousin, Eddie Peterson, the runner-up.

While the average price for the first 24 head sold was 24.50 cents, after the grand champion and reserve were sold the prices ranged between 22 cents and 10 cents, with some unfinished animals going as low as 15 cents. Quite a number of whose animals were in the 'choice' group said they did not clear anything on the venture financially. Ken Stiles, who placed third in the Jutland club, fed a Hereford steer which was at the top of the 'choice' group. This animal was purchased last fall for \$95.00, the cost of feeding it was \$72.21, and the gross selling price was \$138.50. The calf weighed in at 840 pounds the day of the sale.

Winners in district clubs were as follows:

Westward Ho: 1st, Peggy Rock; 2nd, Alfred Jones; 3rd, Royden Ness; 4th, Jean McCracken; 5th, Sigurd Baustad. Showmanship: 1st, Dale Dodd; 2nd, Tom Armstrong. Cremona: 1st, Stanley Tribe; 2nd, Heather Thomson; 3rd, Myrna Reid;

4th, Jim Cameron; 5th, Don Huley. Showmanship: 1st, Stanley Tribe; 2nd, Don Huley.

Jutland: 1st, Don Hauser; 2nd, Gerry Good; 3rd, Ken Stiles; 4th, Sandra Brander; 5th, Larry Taylor. Showmanship: 1st, Lois Sheils; 2nd, Gerry Good.

West Didsbury: 1st, Lillian Hoseood; 2nd, Lila Blain; 3rd, Marjorie Bird; 4th, Jim Bird; 5th, Don Bird. Showmanship: 1st, Marjorie Bird; 2nd, Beverly Dunphy.

All clubs had attractive name plates for their clubs. The members of the Crossfield club also had individual posters which gave the history of the calf, its weight, cost, gain, feed records, etc., along with a snapshot of the member and his calf. This added greatly to the pleasure of the spectators, who viewed the calves during the day.

Through the heat and dust of a country road tramped a band of recruits and their tongues were dry. As they passed a cozy little pub, one soldier turned to another and said wearily: "Now you know the difference between hiking and route-marching. When you route-march you pass 'em."

AGRICULTURAL SERVICE BOARD NOTES

W. K. Snyder
Field Supervisor

Tree Planting is finished for this year. You will be interested to learn that during the past month we have planted a total of 34,505 trees. This total is made up of Russian Poplar, Manitoba Maple, Laurel and Golden Leaf Willow, White and Colorado Spruce and Caragana.

These trees and cuttings all came from government nurseries located at Oliver and Brooks in Alberta, and Indian Head and Sutherland in Saskatchewan. These tree planting operations were carried out on a total of 32 district farms in the Olds, Didsbury, Carstairs, Crossfield, Acme, Cremona and Hartman districts. The trees were planted for beauty and protection in farmstead, field and roadside shelterbelts.

Already we have sent in application for trees for 1955 which will exceed the total planted this year, and this year's total is double that of last year. It is not too late for you to make application for trees for next

year but you MUST prepare the ground by a very thorough summer fallow where you intend to plant your trees. We still have about 200 Manitoba Maple and a few hundred

Poplar cuttings left over. We have these trees and cuttings 'heeled' in-fallow where you intend to plant to ground and if there is someone who could use them we would be glad to find a home for them.

Where Were You Then ?

Following on with excerpts from the old-time papers we give you a few more pointers on how things were done in the early days:

Ben Dick has been having a somewhat peculiar experience the past week in connection with a deal he had a short time since. When Mr. Dick was at Oids on fair day he was approached by A. J. Odell, who has been travelling salesman for the Kimbura Piano Co. Odell represented to Mr. Dick that he had just received a message from the Co. recalling him to Calgary and to dispose of the outfit which he had with, consisting of six horses and harness and prevailed upon Ben to buy the outfit. After a few days having use for the second seat which belonged to the rig, Ben went to Calgary for it and was informed by the proprietors that they knew nothing of the transaction. They came up the next day to look into the matter. Ben had taken a bill of sale from Odell and in the meantime disposed of the team. We are informed that the proprietors have got on the track of Odell and are not inclined to make trouble here over the affair.

ZELLA NEWS NOTES

(From Our Own Correspondent)

(Intended For Last Week)

Mr. and Mrs. Johnny Mazzariello and family of Rutland, Vermont, U.S. have been visitors at the home of Mr. and Mrs. W. A. Spooner the past week.

Miss Sharon Luft was hostess to the girls of the Zella school on Friday, the occasion being her 7th birthday.

The Zella school children entered the track meet at Harmattan on Thursday. Out of four schools entered, Zella placed fourth, no honors coming their way, but the children enjoyed it all.

Sunday dinner guests of Mr. and Mrs. A. Oppen were Mr. and Mrs. Wilbur Jabrke and family, Mr. and Mrs. A. Waldroff and family and Mrs. S. Lomness and her daughter, Mrs. John Ross, both of Chilliwack, B.C., who were also guests for the weekend.

With the passing of Mr. Hugh Ross of Rosedale two weeks ago, the Zella district lost another of its pioneers. He will long be remembered for his part in many community efforts. A possession of his at one time was an offering box for the Sudan Interior mission in Africa, and two weeks ago this was dedicated for use by the Zella Sunday school for birthday pennies in memory of Mr. Ross.

Notes From D.A.

HUGH McPHAIL

The rally of the seven beef clubs in this district was held at the farm of Roy McNaughton, 10 miles west of Didsbury, on Saturday, June 12. The best day of the year helped to make the day completely successful. The McNaughtons spared no pains in preparing for this day and benches were set up on their spacious lawns. A picnic lunch was enjoyed on the lawn, coffee and ice cream were supplied by the hosts.

Mr. Hugh McPhail, district agriculturist, acted as master of ceremonies. The McNaughton family were introduced and both Mr. and Mrs. McNaughton welcomed the guests. Mr. McNaughton told of the awards that his association (Aberdeen Angus) was making at Achievement Day, June 16. The club leaders were then introduced and spoke briefly. The following are the clubs and their leaders:

Olds Beef Club, L. S. Fisher; Harmattan Beef Club, Tony Spooner; Jutland Beef Club, Sandy Brander; West Didsbury Beef Club, Jim Hughes; Carstairs Beef Club, Harold Schierke; Crossfield Beef Club, Jim Baxter; Cremona Beef Club, Vair Reid.

Mr. Hector McDonald spoke in the absence of Jim Baxter of Crossfield, who was unable to be present.

Howard Hamill, M.L.A., who put up a beautiful trophy for the best judging of the day, spoke briefly. Then the three classes of Aberdeen Angus cattle were judged. Mr. Hector McDonald of Crossfield placed the classes and did an excellent job of giving his reasons.

Donald and Gordon McNaughton gave a demonstration of washing, trimming and showing a calf. This was very thoroughly done and watched with keen attention. Sixty 4-H club members judged cattle.

The bad roads and late spring prevented a larger attendance. About 200 attended the field day and were to thoroughly enjoy it. All the speakers thanked the McNaughtons for the splendid job they did in preparing for the field day.

The following is the result of the judging contest:

1st, Boyd Peterson; 2nd, Eddie Petersen; 3rd, Larry Gillrie; 4th, Jim Forsythe; 5th, Arthur Knights; 6th, Jean Forsythe; 7th, Larry High; 8th, Beverly Dunphy; 9th, Jackie Baxter; 10th, Jim Fisher.

Through The
Study Window

By REV. C. C. ARMSTRONG

The recent rains have left us with the option (almost) of taking to boats or developing webbed feet, just plain slogging through the mud. Even with gravelled roads one really needs a periscope to navigate some of the pot holes. Oh, well, no one need fear being arrested for speeding.

It is interesting to compare our difficulties in travel with those of missionaries serving their area by boat. Rev. Lester Burry, skipper of the "Glad Tidings," in Labrador, has this entry in his log: "August 14th, left Independent Harbor 9:30 a.m. Wind S.E., very heavy sea. Arrived Snack Cove 10:15 a.m. Seas breaking across the entrance of the cove, but watching and waiting a chance, we made it. No fishing boats out today."

Rev. Mr. Burry comments concerning this entry: "The sea that day was really running mountains high. We must have had to wait 20 minutes or more to get a chance to enter. The women on the beach, watching us enter, said they had to close their eyes and scream when we were coming through the white water caused by the seas at the entrance of the cove. There are five families in this cove. In one of the families are two young girls, 18 and 20 years respectively, both of them suffering from T.B. They were living in a little shack by themselves and had resisted every attempt by their friends to get them to go to the hospital. I started to work on them and before I left the next morning they consented to go and the father promised he would take them as soon as the seas calmed down. I have learned since that they did go and are doing fine."

For Mr. Burry, such an event is all in the day's work. The fisher's of cod and the fisher's of men alike face a common danger from the sea. They seek no medals for their valor. Just the same, one feels that the very presence of the little mission boat coming through the white water must leave the beholders with a sense of the nearness of the Presence of the Great Pilot, under whom Mr. Burry serves.

The Psalmist was uttering truths that must often come to the minds of those who go down to the sea in ships, "O Lord God of hosts, who is a strong Lord like unto thee? or to thee? faithfulness round about thee? Thou rulest the raging of the sea: when the waves thereof arise, thou stillest them. Justice and judgment are the habitation of thy throne: mercy and truth shall go before thy face."

CHRISTIAN SCIENCE

The vital importance of understanding the inspired Word of the Bible spiritually, will be brought out at Christian Science services this Sunday. The Lesson-Sermon, entitled "Christian Science," includes the following selection from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Scriptures are very sacred. Our aim must be to have them understood spiritually, for only by this understanding can truth be gained. . . . It is this spiritual perception of Scripture, which lifts humanity out of disease and death and inspires faith" (547: 23-25, 31-32).

From the King James version of

Apple pie...
coming up

A KING-MAX apple pie weighing over a hundred pounds was recently baked for the Washington State Apple Blossom Festival. The specially built aluminum pie pan — the largest ever made — measured eight feet across.

Made in wonder how big a pie you'd get if all the apple pie baked in one day on regular-size aluminum pans were put together. And that brings to mind all the different aluminum cooking utensils used today in homes and hospitals and restaurants. . . . No wonder Canada is stepping up her production of this light, bright metal to one and a quarter billion pounds a year! Aluminum Company of Canada, Ltd. (Alcan).

Of Many Things

By AMBERSE HILLS

THREE MEN IN A BOAT
Early on a Friday evening John brought his old station wagon to my hotel to take me fishing. We were to pick Bert up along the way.

In order to get out onto the road that leads north where the big trout are, we had to pass through a residential section of the city. John waved his hand at the broad green lawns, the neat walks, the carefully pruned trees and the just-erect garden. In a casual voice he said, "Boy, you can smell money here! I wonder if the rich kids born here know what a break they get!"

He went on at some length to complain bitterly about the difference between the rich and the poor. It was plain that these broad green lawns annoyed him a good deal. He is a skilled mechanic, and his wages are quite high. I was a little bit surprised at the angry tone of his voice, but I said nothing. At the outskirts of the city we picked up Bert and went on up north. It was too late for fishing when we arrived but we had a few round of cards and then went to bed. By six o'clock next morning we were out on the lake. By noon we had our limit for the day, so we went back to the club and had a wonderful feast of fresh trout.

While we were eating it, John started again to talk about our trip through the residential area of the city. But as he described it, I suddenly realized that his observation had failed him in one important thing. That Friday evening, as we had driven through the suburb, we had seen business men in slacks and old sport shirts, mowing lawns, digging in the gardens, clipping hedges. We had seen the so-called rich boys filling wagons with clipped grass, welding rakes and generally making themselves useful. While John and Bert and I had hit up north to fish, they had stayed home to make their lawns greener, their hedges neater. Maybe it was true that you could smell money in the neighborhood — but you could also see a lot of human energy and good solid work.

We fished again next morning. Three men in a boat. Our lawns, at home, had a tidy, unkempt look. My back porch sagged. John's hedge could have done with a clipping. Bert's yard looked like a vacant lot. I think, in the long run, most men are in pretty much the same boat. They have to make a choice as to what they really want. It is foolish to envy or be bitter about what the other fellow has. You can be almost certain that he worked hard to get it. We should be grateful that there are lovely residential areas to drive through.

If everybody kept their property like John and Bert and me, I am afraid cities would look even worse than they do. I still prefer to go fishing on a weekend — but I hold no grudge against the man who stays at home and works. I think John would feel much better if he would look at the matter in the same light. But I didn't tell him so. It was on the tip of my tongue — but I was struck at that moment and I got pretty busy. Anyhow, I don't think John would have paid much attention. He enjoys being sore at the rich.

The Bible the following passages will also be read: "For ever, O Lord, thy word is settled in heaven. . . . Oh how love I thy law! It is my meditation all the day. . . . Thy testimonies have I taken as an heritage for ever: for they are the rejoicing of my heart" (Psalms 119: 89, 97, 111).
The Golden Text is from Isaiah: "Awake, awake; put on thy strength, O Zion; put on thy beautiful garments, O Jerusalem, the holy city" (52: 1).

Make your
SEPTIC SYSTEM
really work!

"Old at 40, 50, 60?"
— Man, You're Crazy

Forget your age! Thousands are happy at 40, 50, 60, 70, 80, 90, 100, and beyond. They are healthy, active, and full of life. They are not old. They are young at heart. They are not old. They are young at heart. They are not old. They are young at heart.

Take It From Here !!!

Ned: "Can your girl keep a secret?"
Ted: "I should think she can. We've engaged three weeks before I knew a thing about it."

The quack was selling an elixir which he declared would make men live to a great age.

"Look at me," he shouted. "Hale and hearty and I'm over 300 years old."

"Is he really as old as that?" asked a listener of the youthful assistant.
"I can't say," replied the assistant. "I've only worked for him 100 years."

Hubby: "I thought that lamb was a little tough."
She: "Oh, let's not talk chop."

Merle: "Has the doctor you're engaged to get money?"
Pearl: "Why, sure! Did you think I was getting married for my health?"

1st golfer: "Confound it, sir, you almost hit my wife."
2nd golfer: "Did I? Well, have a shot at mine."

Politician: "Do you think he put enough fire into his speech?"
Rival: "Sure! He should have put more of his speech into the fire."

Two men who had traveled were comparing ideas about foreign cities.
"London," said one, "is certainly the foggiest place in the world."
"Oh, no it's not," said the other. "I've been in a place much foggier than London."

"Where was that?" asked his interested friend.
"I don't know," replied the second man. "It was so foggy I couldn't tell."

"His proposal last night was so sudden I jumped," said one.
"At it, of course."

Then there's the current story about the youngster who was digging in a vacant lot and unearthed a coffee can containing \$500. He ran home screaming, "Mama, mama, look what I found."

Mama opened the can, counted the money and then cuffed the child soundly, saying: "What did you do with the coffee?"

"Does your husband talk in his sleep?"
"No, it's very exasperating. He just grins."

**How many gallons
in a pay cheque?**

More than ever before!

Back in 1939, for instance the average
Canadian weekly pay cheque would buy

84 gallons of gasoline... based on figures
of the Dominion Bureau of Statistics. Today's weekly
pay cheque will buy 144 gallons,
including the provincial gasoline tax,
which is considerably higher than before the war.

To put it another way... in 1939 the average
Canadian worked 33 minutes to earn
enough to buy one gallon of gasoline.

Today he works
just 17 minutes, or about
half the time.

And today's Esso gives more miles
and better performance
than ever before.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

Last Friday night a large number of friends met in the dining room of the College to honor two young people who will be exchanging vows the beginning of July. Miss Dorothy Stauffer, who has lived in this community all her life, and Mr. Donald Suder, who has been here this winter, were the guests of honor for the occasion. Under the capable leadership of Miss Joyce Archer, a splendid program was arranged. The gifts were brought in, in rather a unique fashion. Two red caps in the persons of Lavern Neufeld and Arno Neufeld delivered the gifts wrapped in travelling packages. Miss Stauffer received many lovely gifts.

Word has been received from Miss Walsh, dean of women, that she has fractured her left wrist and is resting with her sister on the ranch west of Aldrie. We hope she will have full use of her arm soon.

On Monday evening the Young People's class of the United Missionary Church had a weiner roast at "the rocks", east of town. Miss Florence Reist is the president of the class, and with the help of the other officers, a very enjoyable evening was arranged. This, too, was in honor of Miss Dorothy Stauffer and Mr. Suder, members of the class. It has become a tradition with this group that a cup and saucer be given as a gift to those among them who leave for the young married people's class of the Sunday school. Two very beautiful cups and saucers were presented. At the close of a pleasant evening, Miss Gladys Eby, teacher of the class, lead the group in devotions before they left for their homes. There are over 20 young people in this class now.

Mrs. Arthur Eby, president of the local W.C.T.U., attended the convention of that group at Lacombe this week. Canning for camp meeting has been the order of the day last week. Mrs. Habermehl came back to look after this. She will be cooking for the camp again this year.

Mr. Wilmer Reist has been working inside the Tabernacle making some alterations and improvements for the coming Camp Meeting. Some of the painting that could not be finished last year was also done.

Mr. Taylor has been painting the small cabins on the College grounds. Along with uniform painting jobs, Arthur Eby is endeavoring to keep a part of the grass cut so that several areas are coming along splendidly in this respect. We hope in time to have spacious lawns on this campus.

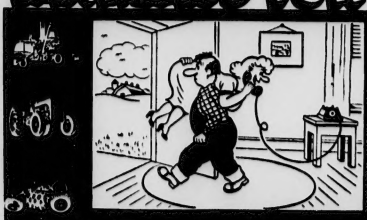

Have you taken out a Living Endowment yet? It would be most helpful to the College if all who would like to help in this way would do so now. You remember that each unit costs \$10 and when paid will bring you a lovely certificate of membership in this essential College organization. We would like to hear from you, too.

Zella W.I.

June Meeting

Fourteen members and two visitors were present for the Zella W.I. meeting held Thursday evening at the home of Mrs. Dan Butcher, with Mrs. Joe Ness as co-hostess.

Roll call was a dozen eggs, with a crate of 14 dozen to be donated to the senior citizens' home in Didsbury.

To date, the Zella Institute has canvassed the sum of \$74.50 in the cancer campaign. Conference plans were completed with the catering plans also receiving final touches. The remnants received from Eaton's were distributed, to be made into articles for the bazaar.

Mrs. E. Waldroff read an article, "Texas Dry Humor," for the bit of fun. The next meeting will be held on Thursday evening, July 15th, at the home of Mrs. Tony Spooner.

With the singing of "God Save the Queen" and a delicious lunch served by the co-hostesses, a most pleasant evening came to a close.

Twenty years ago Mrs. Twisp sent her husband to the grocery store for a loaf of bread. He didn't come back.

Last night there was a knock at the back door. Mrs. Twisp opened it and there stood her husband with a loaf of bread under his arm.

"White bread?" she asked.
"Yes," answered her husband.
"I sent for rye," said Mrs. Twisp, and slammed the door in his face.

WESTERDALE NEWS

(From Our Own Correspondent)

The Willing Workers June meeting was held last Wednesday afternoon at the home of Mrs. L. Jones. One week behind schedule owing to inclement weather. Nine members were present. The meeting opened with a song, followed by the creed. Roll call was answered with a bird call.

Plans were discussed for the July meeting with the roll call to be "name your birthplace."

Mrs. J. E. Bolton and Mrs. W. Herbert were appointed to take charge of the program arrangements for the afternoon.

A motion was passed that the club purchase a dust pan and a half dozen light bulbs for the hall. Quilt squares, which are to be applied for the August meeting were handed out to the members. A short reading on "Uses For Aluminum Foil" was given by Mrs. F. J. Jackson.

The tea money hostess prize was won by Mrs. J. P. Schrader. Mrs. J. E. Bolton will be hostess to the July 14 meeting, which will be held at the hall at 2:30 p.m.

The June 11 dance was postponed due to the almost impassable condition of the roads. However, arrangements have been made to hold a dance on July 2, with the Merry-makers supplying the music.

Mr. C. Tarrant spent last Tuesday visiting at the home of Mr. and Mrs. H. Jackson.

The local baseball team played at Hainstock a week ago Sunday and although the diamond was in a wet condition, were successful in winning by a 6-4 score.

Mr. and Mrs. A. Evans of Calgary spent a short visit a week ago Saturday at the home of Mr. and Mrs. W. Wigley.

Arthur Jackson returned home on Thursday from Edmonton, where he attended the Farm Young People's week at the University as a delegate from the Innis Lake P.U.A. organization.
